

FOXG1.ORG

Help us help them...

We are organizing an online auction to benefit the International FOXG1 Foundation.

What is **FOXG1**? **FOXG1** Syndrome is a rare neuro-developmental disorder caused by a mutation of the **FOXG1** gene, which impacts brain development and function. This severe condition is characterized by seizures, inability to control body movements, and lack of speech. While the spectrum of abilities is quite broad depending on the exact genetic mutation, many of the children with FOXG1 cannot walk or talk, and they struggle to communicate their most basic daily needs.

Funds for the online auction will go to the foundation's mission of providing hope and support to individuals with FOXG1 and their families via any means possible, to facilitate discussion and fund research within the medical community, and to bring awareness and education to the public.

Please consider donating a tax-deductible item to the online auction that will take place in January, 2019.

- A night (or more) at a cottage, vacation home or casino
 - Ski package
 - Event and/or Park Tickets
- Tickets to sports, cultural events or concerts
 - Sports memorabilia
 - Round of golf
 - Photo shoot
 - Jewelry
- Homemade / Handcrafted items
 - Gift Certificates
- If you can't think of anything to donate... cash donations are gladly accepted.

Please contact Karen Benoit at kbbenoit@verizon.net to coordinate your donation.

On behalf of the FOXG1 community, thank you for your consideration and support!

International FOXG1 Foundation is a 501(c)(3) non-profit corporation, registered as the International FOXG1 Foundation. EIN 46-1332092
